No AC power required at display

SUPER-BRIGHT DISPLAY

For commercial digital signage solutions, LuxLCD offers outdoor displays that are far more than “sunlight readable”. With over 1500 cd/m² luminosity, the LXL-150 provides vivid images that get noticed even in direct sunlight, without the use of anti-reflective coatings or filters.

OPTIONAL ARMoured TOUCHSCREEN

A rugged glass-on-glass armoured touchscreen is available for interactive applications. Works reliably in all weather conditions, rain, snow or sleet.

OUTDOOR OPERATION / FANLESS DESIGN

The LXL-150 is designed specifically for outdoor use, capable of operating reliably in extreme temperatures of -40 to +50C. Fanless design ensures quiet operation.

SOLID-STATE LED BACKLIGHT

Unprecedented reliability, long life and superior colour gamut with solid-state LED backlight.

SUPERIOR 3 YEAR/5 YEAR WARRANTY

Our comprehensive 3 year warranty includes coverage you won't find anywhere else. It covers everything except physical damage or theft, and you can upgrade to 5 years of coverage anytime.

MECHANICAL DIMENSIONS
