TRUE OUTDOOR DIGITAL SIGNAGE DISPLAY

Not a commercial LCD in an air-conditioned box. The LXL-470 from LuxLCD is designed from the ground up for outdoor operation. Sunlight viewable, vandal resistant, all-weather operable in the harshest climates.

A true outdoor digital sign based on the latest LCD modules from LG Display®, available either as a digital sign insert, wall mount or free-standing display.

INTERACTIVE TOUCH OR GESTURE CONTROL

Add touch or gesture control for a truly interactive customer experience. Customers can scroll thru content and select items to view.

AUTOMATIC BRIGHTNESS CONTROL

The display automatically dims at night, increasing the life of the backlight and reducing power consumption and light pollution.

WEATHERPROOF VANDAL RESISTANT ENCLOSURE

Strengthened laminated 6mm glass window protects the LCD from damage. Microprocessor controlled thermal environment ensures reliable operation from -40 to +60c.

SUPERIOR 3 YEAR WARRANTY

Our comprehensive 3 year warranty protects your hardware investment. It covers everything except physical damage or theft, a

MECHANICAL DIMENSIONS
