Digital Audio Workstation

DAW-1

The **ELT** Digital Audio Workstation is a commercial grade desktop digital audio recorder specially designed for environments where the need for durability and convenient controls is high and small handheld recorders are inappropriate.

A 128MB NAND flash memory is built in for 120 min. recording time and 30 tracks of music or voice. It is also equipped with an extended SD memory slot.

The front mounted USB port makes easy connection to PC for download or duplication.

The large back-lit LCD display shows track number, running time and operating mode.

SPECIFICATIONS:

- 128MB NAND flash memory built in
- SD memory card expansion slot
- USB 2.0 interface
- Sampling rate: 128kbps
- Built-in omni-directional microphone
- Two 6.3mm external mic jacks (front mount)
- Stereo headphone jack 3.5mm (front mount)
- Two high impedance line input (RCA type) (rear mounted)
- 110-240VAC operation or 15VDC 1000ma
- SIZE (HWD): 210mm x 100mm x 120mm
